Security Procedures for Entering the NIH Campus

Information can be found at the following Website: <http://www.nih.gov/about/visitorssecurity.htm>

NIH Gateway Center

Visitor Gateway Center

Visitors will be required to show one (1) form of identification (a government-issued photo ID—driver's license, passport, green card, etc.) and to state the purpose of their visit.

The [NIH Gateway Center](#) is located adjacent to the Medical Center Metro Station at the South Drive entrance to campus from Rockville Pike/Wisconsin Avenue (Route 355). It combines visitor parking, non-commercial vehicle inspection and visitor ID processing, all in one location. The NIH will process all visitors in vehicles or as pedestrians.

Pedestrians - Gateway Center (for Pedestrians) - Building 66: Open 24 hours

For individuals arriving as pedestrians, the Gateway Center (Building 66) is open 24 hours a day, 7 days a week, capable of handling single individuals to large busloads of visitors, quickly and efficiently.

Vehicles - For visitors arriving in vehicles, on motorcycles or bicycles, the Gateway Vehicle Inspection Station (Building 66A), provides multiple inspection lanes and allows visitors to go through inspection and get a visitor badge in one centralized, efficient process. Vehicles enter the Gateway Center complex through a new roadway, "NIH Gateway Drive," just south of the intersection of the previous visitor entrance at South Drive and Rockville Pike. Vehicles that choose to bypass parking in MLP-11 will go through inspection and enter campus at Center Drive near the National Library of Medicine. (See Gateway Map: <http://parking.nih.gov/Gateway.htm>)

Gateway Center Vehicle Inspection (Building 66A):

Monday - Friday, 5:00 a.m. - 10:00 p.m.
Saturday - Sunday, 6:00 a.m. - 6:00 p.m.

Taxis may enter campus via the Gateway Center Vehicle Inspection Center (or CVIF), and must use the CVIF when the Gateway Center Vehicle Inspection Center

Parking

Please note: Visitor parking is limited at NIH. Visitors are encouraged to use public transportation such as the Metrorail subway system which has a convenient stop (Medical Center) on the NIH campus. Visit the "Metro" site for information on fares and schedules: <http://www.wmata.com/>.

The Gateway complex also includes MLP-11, a 342-space, multi-level underground parking garage. This 'visitor-only' lot will be the primary visitor parking for the NIH main campus. We strongly encourage all visitors to park in this garage as there will be limited visitor parking on campus. Vehicles parking in MLP-11 are outside of the perimeter security and will not go through vehicle inspection, reducing the amount of time it takes to get on campus.

Visitors parking in MLP-11 should proceed to the Gateway Center to get a visitor badge and either walk or take a shuttle bus to their destination. Take the NIH "Limited" campus shuttle, it is the fastest shuttle to NLM. The schedule can be found at this website: http://dtts.ors.od.nih.gov/NIHShuttle/scripts/shuttle_map_live.asp

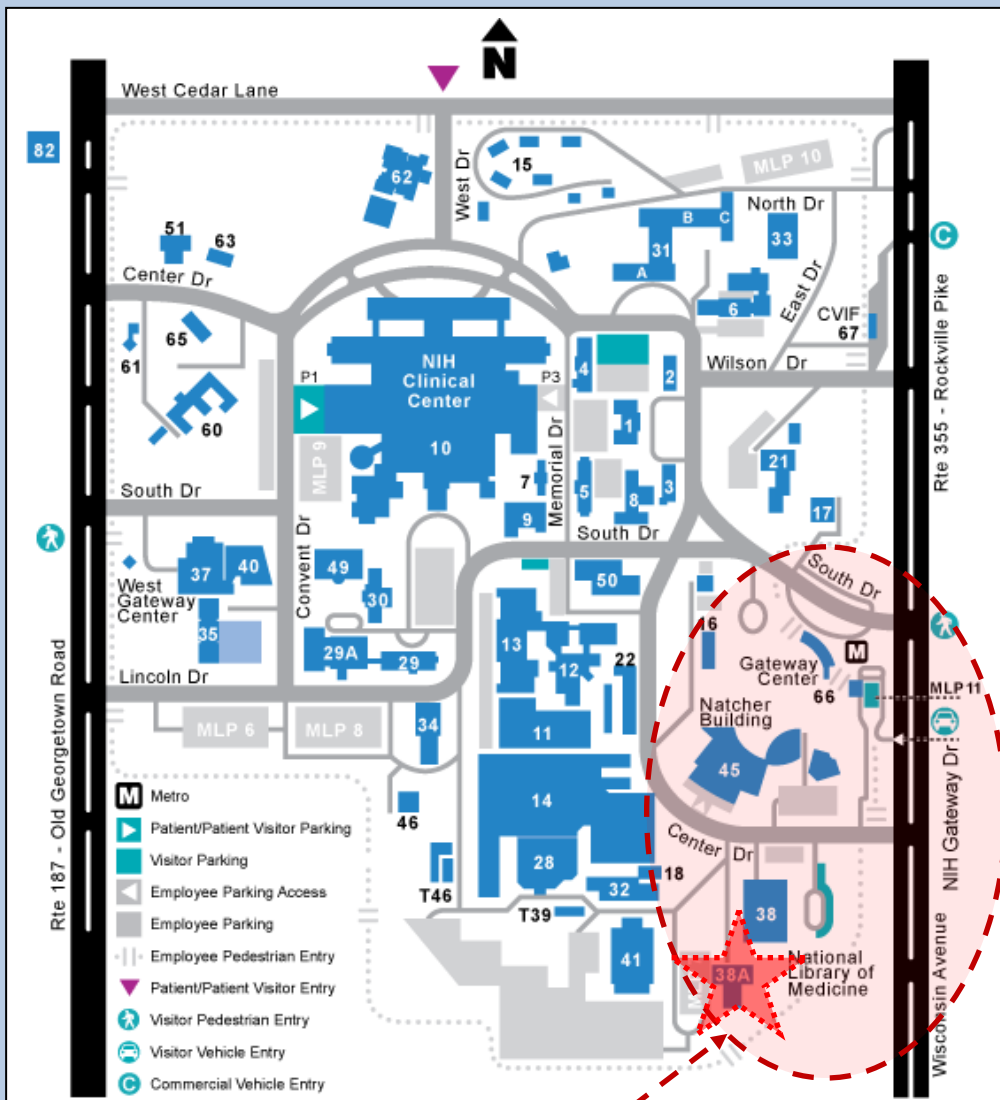

The cost to park in MLP-11 is \$2 per hour for the first three hours, \$12 maximum for the entire day. The attendant only accepts cash, no credit cards. This is the same rate currently charged for all visitors' metered parking at the NIH.

NOTE: Meters ONLY take quarters.
